

LORD'S COMPASSION MINISTRY

ANNUAL REPORT

THE NUMBERS

In 365 days, \$58,337 was given by our champions to change lives. We kept expenses low and only spent \$5,383 on important items to operate a non-profit. Children remained in school, patients were treated, we bought land to build a school, and we built a kitchen.

2024

CHILDREN'S HOME

Thanks to a church, we were able to build a kitchen for the children's home.

THE CLINIC

Lufafa was able to treat 238 patients this year. We were able to keep a stock of various medications as well.

PROJECTS

We continued to build the school & dining hall. We also continued growing the garden with a large sweet potato harvest.
